

test\_givenNewDatalsAvailable  
\_whenTheDisplayHasUpdated  
\_thenTheEventIsComplete

```
graph LR; A["test_givenNewDatalsAvailable  
_whenTheDisplayHasUpdated  
_thenTheEventIsComplete"] --> B["eventProcessor_isLastEvent  
Complete"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains three lines of text: 'test\_givenNewDatalsAvailable', '\_whenTheDisplayHasUpdated', and '\_thenTheEventIsComplete'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains two lines of text: 'eventProcessor\_isLastEvent' and 'Complete'.
